Total Energy Concepts Residential Packages

Package 1 \$795*

TOTAL HOME PROTECTION

Protect all of your electrical equipment from costly power surges and optimize the voltage in your home with the V-Blox Voltage Conditioning Unit (VCU). It's the best umbrella of protection money can buy and comes with a \$25,000 Connected Equipment Warranty.

Package 2 \$795*

ELECTRICAL PANEL OPTIMIZATION

Optimize the electricity within your entire home and be nearly 100% efficient with the V-Blox Power Factor Correction Unit (PFC). Each unit is custom-engineered for your electrical panel(s) and can generate between 5% and 10% energy savings, depending on the size of your home.

Package 3 \$795*

SMARTCOOL A/C OPTIMIZATION

Reduce the actual runtime of your A/C compressor(s) without affecting the temperature inside your home with the SmartCool Residential ECO3 unit(s) and lower your monthly power bills now! Savings from 10% to 30% on A/C unit(s) are common!

Package 4 \$695*

WATER HEATER OPTIMIZATION

Heating water can be as much as 60% of your entire electrical bill. Optimize this process with the AirTap Air Source Water Heater Heat Pump Unit and keep the same hot water...but use as much as 50% less energy to heat the water.

Package 5 \$1,395*

SMARTCOOL A/C AND WATER HEATER OPTIMIZATION

Optimize the TWO largest energy users in your home, your A/C unit(s) and your water heater and see big savings!

Package 6 \$1,490*

TOTAL HOME PROTECTION AND SMARTCOOL OPTIMIZATION- *MOST POPULAR!*

Our most popular package offering an umbrella of electrical protection and the optimization of your A/C unit...and you save \$100!

Package 7 \$1,990*

TOTAL HOME PROTECTION, SMARTCOOL OPTIMIZATION AND LED LIGHTING

Get the benefits of the complete umbrella of protection and the A/C unit optimization along with state-of-the-art LED lighting package all for less than \$2,000! You can choose from either standard A19 lamps, Candelabra B10 lamps or PAR30 and PAR38 lamps...all with a greater than 50,000 hour life!

Package 8 \$3,490*

COMPLETE HOME OPTIMIZATION PACKAGE

Total Home Protection, Electrical Panel Optimization, SmartCool A/C Optimization, Water Heater Optimization and LED Lighting Package. You get the best of everything to completely optimize your entire home and save \$50-\$100 per month on your power bills.

*Prices DO NOT include Tax, Shipping or Installation costs. Installation of the VCU, PFC, SmartCool Unit and Water Heater Unit can be done by local contractors.
